☐ I agree to the [terms and conditions](#).

Objective:

After signup, the user should navigate to the **"Thank You for Signing Up"** page. The page should include a **Login Now** button to navigate to the login page.

Thank You for Signing Up!

You have successfully registered. We're excited to have you on board!

Login Now

Objective:

Design a simple **Login Form**, which will allow users to enter their **email or phone number** and **password** in order to log in. The form will include a **link to the Sign-Up page** for users who don't have an account.
